SECTION 1

# Why Oryx

Research. Practice. Ventures.

Oryx Polytechnic Institute is a new polytechnic for Namibia, working from Windhoek. We teach applied skills in engineering, digital work, business and the trades, and we measure ourselves by what our learners build.

## Research

We study real problems from Namibian industry and publish what we learn.

## Practice

You learn at the bench, with the tools of the trade, from day one.

## Ventures

Every course ends in a venture that proves the work.

> *We forge the tools.*

Our programmes are short on lectures and long on making. You will spend most of your week in the workshop, working on briefs set by real partners.

SECTION 2

# Programmes

| Programme | Level | Duration | Mode |
|---|---|---|---|
| **Applied Engineering (Diploma)** | 5 | 2 years | Full-time |
| **Digital Skills (Certificate)** | 4 | 1 year | Full-time |
| **Business and Ventures (Diploma)** | 5 | 2 years | Full-time |
| **Trades and Craft (Certificate)** | 3 | 1 year | Part-time |

**PLEASE NOTE**
Programmes are subject to accreditation by the NQA and NTA. Names, levels and durations shown here are placeholders.

## 2.1 Applied Engineering (Diploma)

A two-year diploma in measurement, materials and workshop practice, finishing in a venture of your own.

| Year | Modules | Credits |
|---|---|---|
| **1** | Tools of Measurement; Materials; Workshop Practice | 120 |
| **2** | Design for Making; Partner Project; Final Venture | 120 |

**Entry requirements**

- Grade 12 certificate or equivalent.
- A short interview and workshop trial.

**Where it leads**

Graduates work in workshops, maintenance, fabrication and small enterprise, or continue to further study.

SECTION 3

# How to apply

1. Choose your programme and read its entry requirements.
2. Complete the application form and attach your documents.
3. Attend a short interview and workshop trial.
4. Receive your offer and confirm your place.

## Key dates

| Milestone | Date |
|---|---|
| **Applications open** | 1 September 2026 |
| **Applications close** | 30 November 2026 |
| **Interviews** | January 2027 |
| **Term begins** | February 2027 |

SECTION 4

# Fees and funding

| Item | Per term (N$) | Per year (N$) |
|---|---|---|
| **Tuition** | [amount] | [amount] |
| **Registration** | [amount] | [amount] |
| **Toolkit and materials** | [amount] | [amount] |

**FUNDING**
Information about bursaries and payment plans will be added here once confirmed.

SECTION 5

# Campus and contact
